PERSONAL STATEMENT

I am a passionate and goal driven Computer Science student at Kirinyaga University, currently in my second year. With a strong foundation in problem-solving and adaptability, I thrive in tech-driven environments and I am always eager to learn. As an active member of the Computer Society of Kirinyaga, I collaborate with like minded peers to explore innovations in technology. I also take advantage of a platform called Hack the Box where I explore the field of cybersecurity. During my two years as a student, I have been able to learn various programming languages like C, C++, Java, Python, HTML and CSS. My strengths lie in teamwork, responsibility and a relentless drive to tackle challenges, making me well suited for dynamic and fast-paced opportunities. I am always open to learning and growing, ready to bring fresh perspectives to any project.
